RE: Proceeding 14-90

To Whom It May Concern,

I am writing in support of the AT&T/DirecTV merger. I represent citizens in rural and urban areas of Springfield, Missouri. Constituents outside the city have access to satellite for television entertainment, but have limited access to high-speed internet.

By empowering AT&T to deploy its fixed wireless local loop broadband service in rural areas, this merger would bring high-speed internet access to many areas that are currently underserved in my district. I believe that a merger of AT&T and DirecTV would bring greater access to affordable broadband for many of my constituents.

Thank you for your time and consideration.

Sincerely,

A handwritten signature in black ink that reads "Eric Burlison".
