Re: WC Docket No. 13-184

Dear Ms. Dortch:

On October 24, 2014, Jon Bernstein, representing the International Society for Technology in Education, met with Gigi Sohn of the Chairman's staff and Trent Harkrader and Patrick Halley of the Wireline Competition Bureau. On a follow-up call on October 28, 2014, Jon Bernstein spoke with Patrick Halley. Both conversations focused on possible changes to E-Rate program rules governing internal and external connections as well as the E-Rate's appropriate future funding level. Jon Bernstein reiterated ISTE's position that the E-Rate's annual cap must increase to meet school and library needs for WiFi, external connections and Internet access services.

Sincerely,

Jon Bernstein  
President
