**Re: Docket No. 12-268**

Dear Ms. Dortch:

My name is Mike Pirich and I am a Project Manager/Purchasing advisor with VER. We currently deploy over 200 channels of (626-698Mhz) wireless mics and IEM (In-Ear-Monitors) throughout the US on a daily basis.

Projects vary in range from TV shows in Los Angeles to concerts in major sporting arenas ie: Madison Square Garden.

We completely agree with Sennheiser's proposal for TV Broadcast Auction winners compensation to Production Vendors such as ourselves of what will potentially become unusable hardware.

I commend both yourself and the FCC for taking the time and consideration on this matter.

Kind Regards,

Mike Pirich - SR. Project Manager
