Wireline Competition Bureau
Telecom Access Policy Division

Subject: WC Docket 14-93, WC Docket 10-90, DA 14-1447, Connect America Fund Phase II Challenge

Mid-Communications, Inc. (Mid-Com) hereby certifies that it is filing Form 505 “served to unserved” challenge data with regard to Census Blocks currently reported as “served” by competitors. In Minnesota, Mid-Com challenges the following providers: Charter Communications, Inc. and Mediacom Minnesota, LLC. Mid-Com makes this challenge on evidence that the provider’s service description and footprint are contrary to carriers representation in the NBM that they provide voice communications within the listed Census Blocks in Mid-Com’s serving footprint.

As evidence to support this challenge, I submit the following information:

- FCC Form 505
- Enventis Porting Data 2012 – 2014 y-t-d (filed under protective order in WC Docket 10-90)
- Third party analysis from GeoResults Work Plan
- Third party analysis from GeoResults – Data (filed under protective order in WC Docket 10-90)
- Additional evidentiary record from website references for Charter Communications, Inc. and Mediacom Minnesota, LLC.

If you have any questions, please call me at 936-521-7736.

Sincerely,

Scott Kitchen
