Broadband Internet Service

Santel Broadband uses your existing phone line to give you "always-on" Internet access, without tying up that phone line. No more busy signals, no more dropped connections, no more waiting for someone in the household to get off the phone!

Basic Broadband Internet

- 128k x 128k
- 1 Email Address

Value Broadband Internet

- 5Mb x 1Mb
- 2 Email Addresses

Premier Broadband Internet

- 15Mb x 3Mb
- 6 Email Addresses

Extreme Broadband Internet

- 25Mb x 10Mb
- 8 Email Addresses

**Equipment needs based on location.

**Location Restrictions Apply, all speeds are not available in all areas.

**Customers with Windows versions older than XP need a router. Router Coverage Plan \$5.00

Wireless Broadband Internet Service

With a Santel Wireless Broadband "always-on" connection, you will experience the Internet at speeds you never thought possible. Super-charged speeds of up to 10 times faster than a 28.8k modem mean no more long waiting time while pages download or files upload. This service does not use your phone lines, thus allowing you to talk on the phone or send and receive faxes while you surf the Web.

Basic Home Wireless Internet

- \$39.95 per month
- Up to 1Mb down/256k up
- 1 Email Address

Value Wireless Internet

- \$49.95 per month
- Up to 2Mb down/512k up
- 2 Email Addresses

Premier Wireless Internet

- \$69.95 per month
- Up to 5Mb down/1Mb up
- 4 Email Addresses
