Re: WC Docket No. 14-93 and DA 14-1397  
Connect America Phase II Challenge Response

Dear Mr. Smith:

As the Outside Plant Superintendent for Inter Mountain Cable, Inc. (IMC), I hereby state and certify that the following census blocks are served.

IMC serves the following census blocks, as indicated on Form 505:

211339501001000

211959307002010

211959308003005

As the Outside Plant Superintendent, I have first-hand knowledge of the existence of facilities and am able to make a factual statement about plant existing in the census blocks. To further document the existing plant, I have prepared the plant maps and corresponding maps showing the census blocks and area information, included as evidence, to document that IMC serves the census blocks, in the files titled:

Plant Map filename: GH IMC map A.pdf

Plant Map filename: GH IMC map B.pdf

Plant Map filename: GH IMC map C.pdf

**Coalfields Telephone - P.O. Box 160 - (606) 478-9401 - (606) 452-9401**

**Coalfields Long Distance - P.O. Box 159 - (606) 478-9401**

**Inter Mountain Cable, Inc. - P.O. Box 159 - (606) 478-9406**

**WPRG Channel 5 - P.O. Box 159 - (606) 478-2200**

**East Kentucky Internet - P.O. Box 750 - (606) 478-2500**

**WXLR/WXKZ FM - P.O. Box 1040 - (606) 478-1200**

Page 2

IMC's services meet the broadband performance and pricing requirements to qualify as an unsubsidized competitor providing service in a price cap carrier's study area. Specifically, IMC provides broadband with speeds at or above 4 Mbps/1 Mbps, with usage allowance equal or greater than 100 GB/month, latency less than 100 ms, and a price that is reasonably comparable to the offerings in urban areas.

Sincerely,

A handwritten signature in blue ink, appearing to read "Roy Harlow", with a long horizontal flourish extending to the right.

Roy Harlow  
Outside Plant Superintendent
