Re: WC Docket No. 14-93 and DA 14-1397  
Connect America Phase II Challenge Response

Dear Mr. Smith:

As the Outside Plant Superintendent for Mikrotec CATV, LLC, I hereby state and certify that the following census blocks are served.

Mikrotec CATV, LLC serves the following census blocks, as indicated on Form 505:

211339501001004  
211339501001029  
211339501002022  
211339501003003  
211339501003004  
211339501003032  
211339501003036  
211339501003045  
211339501003051  
211339501003071  
211339501004000  
211339501004006

211339501004007  
211339501004008  
211339501004011  
211339501004013  
211339501004014  
211339501004031  
211339501004032  
211339502001000  
211339502001002  
211339502001007  
211339502002012  
211339502005003  
211339502006001  
211339505002048  
211339505002053  
211339505002067  
211339505002075

As the Outside Plant Superintendent, I have first-hand knowledge of the existence of facilities and am able to make a factual statement about plant existing in the census blocks. To further document the existing plant, I have prepared the plant maps and corresponding maps showing the census blocks and area information, included as evidence, to document that Mikrotec CATV, LLC serves the census blocks, in the files titled:

Plant Map filename: GH Mik map A.pdf  
Plant Map filename: GH Mik map B.pdf

Mikrotec CATV, LLC's services meet the broadband performance and pricing requirements to qualify as an unsubsidized competitor providing service in a price cap carrier's study area. Specifically, Mikrotec CATV, LLC provides broadband with speeds at or above 4 Mbps/1 Mbps, with usage allowance equal or greater than 100 GB/month, latency less than 100 ms, and a price that is reasonably comparable to the offerings in urban areas.

Sincerely,

A handwritten signature in blue ink, appearing to read "Roy Harlow", with a long horizontal flourish extending to the right.

Roy Harlow  
Outside Plant Superintendent
