Federal Communications Commission  
445 12th Street SW  
Washington DC 20554

**Re: Docket No. 12-268**

Dear Ms. Dortch:

I am Donald Klukas I am a Live Sound Engineer who supports performing artist who uses wireless mics and monitors.

I agree with Sennheiser's proposal to reserve two exclusive blocks of UHF for critical mics & ear monitors. It is crucial and very important to the event production industry to have reliable prime frequencies for our productions.

I agree with Sennheiser's proposal for auction winners to compensate wireless mic owners for any equipment that they will not be able to use after spectrum repacking. This causes extreme costs and hardship in having to replace our current equipment.

Respectfully submitted,

Donald Klukas  
Live Sound Engineer
