Re: Notice of Permitted Ex Parte Presentation – Wireless E911 Location Accuracy Requirements, PS Docket No. 07-114

Dear Ms. Dortch:

On November 4, 2014, I, James Arden Barnett, Jr., of the law firm Venable LLP, an attorney representing TruePosition, Inc., spoke with David Goldman, Legal Advisor to the Federal Communications Commission (“FCC”) Commissioner Jessica Rosenworcel. I discussed the strength of the record in the E911 wireless location accuracy rulemaking proceeding. I also stated that an agreement between the Association of Public Safety Communications Officers (“APCO”) and the wireless carriers—negotiated behind closed doors and without the participation of other stakeholders in 911 location accuracy, such as disability groups, retired persons, and other public safety organizations, and without much input from APCO’s own membership—should not be allowed to supplant the fair and open process through which the strong record for the proposed rules was developed over the course of 2014.

Sincerely,

/s/ James Arden Barnett, Jr.

James Arden Barnett, Jr.
Rear Admiral USN (Ret.)
