Re: Technology Transitions, GN Docket No. 13-5

Dear Ms. Dortch:

On November 13, 2014, William H. Johnson and I from Verizon met with Priscilla Delgado Argeris, Legal Advisor to Commissioner Rosenworcel, and separately with Nicholas Degani, Legal Advisor to Commissioner Pai and Joel Thayer, Legal Intern, to discuss the draft Technology Transition Notice of Proposed Rulemaking. In the meetings we discussed Verizon's efforts to provide consumer-friendly backup power solutions for customers receiving service over fiber facilities and the positive customer response. Additionally, we discussed the need for ILECs to continue to have the flexibility to retire legacy copper facilities when they have deployed more robust next-generation networks and the long-settled decisions about ILEC obligations regarding wholesale inputs in that context.

Pursuant to section 1.1206 of the Commission's rules, a copy of this notice is being electronically filed in the above referenced docket. Please contact me with any questions.

Sincerely,

A handwritten signature in black ink that reads "Maggie McCreedy".
