FCC

Re: Net Neutrality

Dear FCC:

Please do not go deeper into corporate America's pocket by passing a law that will hurt American consumers. It is well documented that the intent of this law is to create a sellable product out of an existing paid for service. There are ways to make money other than monetizing internet service. Please require cable companies to be more innovative rather than statutorily creating them a new revenue stream.

Best Regards,

A handwritten signature in black ink, appearing to read "George R. Robinson", written in a cursive style.
