I am a senior citizen living on a fixed income. I have to live on a strict budget with the price of food and shelter, energy and health care rising every year; I cannot afford to pay for TV reception. When the government offered a coupon to help offset the cost to convert analog TV to HDTV to receive the new HDTV programming over the air with an antenna I purchased the converter box. It is unfair to terminate to the public who now receive over the air on an antenna ME-TV CH. 3 and I believe discriminatory and a violation of a trust that the government made when it offered converter boxes to the public to receive all these HDTV channels. Please do not take away over the air antenna reception of ME-TV CH. 3.
