**Re: Suddenlink Communications Response to Price Cap LECs' Served-to-Unserved Challenges Under Connect America Fund Phase II; WC Docket No. 14-93; DA 14-942, 14-1397**

Ms. Dortch:

Suddenlink Communications ("Suddenlink" or "the Company") hereby files this response to the served-to-unserved challenges filed by several price cap local exchange carriers ("LECs") filed in the Phase II of the Connect America Fund ("CAF").

Suddenlink is filing its Form 505, which certifies that Suddenlink serves 254 census blocks identified in served-to-unserved challenges by certain price cap LECs. These blocks reside in the service territories of the following price cap carriers: CenturyLink, Consolidated Comm., and Windstream.

Suddenlink's rebuttal Form 505 is supported by several forms of additional evidence. Appendix 1 contains a Factual Statement affirming that the company serves the census blocks identified on the Form 505 with broadband and voice service that meet the Commission's performance and pricing metrics. Appendix 2 contains a list of the census blocks identified in Suddenlink's rebuttal Form 505, associated with the address (redacted to preserve customer privacy and confidentiality concerns) of at least one current or former broadband or voice customer in such census block. Appendix 3 contains a copy of Suddenlink's advertisements for broadband and voice services which run in the geographic areas covering the blocks identified in Suddenlink's rebuttal Form 505.

The evidence accompanying Suddenlink's Form 505 demonstrates that the company has physical facilities, offers service and provides service to at least one current or former customer in each of the census blocks identified therein. As such, the Bureau should designate these blocks as served and decline to direct CAF support to such areas.
