My connection to Europe is that the United States Common Law system developed from the common laws of the England that is now part of the United Kingdom. I currently face Google Inc in Federal Court on an appeal and will seek summary judgement as a matter of law on the complaint I will attach along with this notice as an Eighth Circuit PDF in 14pt type. The facts are my name is not on the following seventy-plus (75) URLs but naked photos from these pages return randomly in searches for my first and last name in quotes and nude.

Hello, Thanks for reaching out to us.

As you may be aware, under a decision by the Court of Justice of the European Union, users can ask search engines to remove results for queries that include their names where those results are inadequate, irrelevant or no longer relevant, or excessive in relation to the purposes for which they were processed.

In order to proceed with our review of your complaint, we need to understand your connection to Europe. If you reside in Europe, you may

attach a copy of an identification document (passports or government documents are not required) in response to this email. Otherwise, please explain the connection you have to one or more European countries. We will continue processing your request once we receive additional verification.

Regards,
The Google Team
