As a mature viewer I appreciate the efforts of PMCM TV in their efforts to bring decent shows back to television. With the influx of over sexed reality shows and the apparent need for CBS NBS ABC HBO SHOWTIME ETAL to concentrate on shows primarily consisting of rape, murder, violence, sex , obscene innuendo and language , its nice to see the old shows , even though not PC available to viewers as an alternate viewing source. I support the rights of PMCM TV to be allowed to pursue there attempt to clean up the airways by providing alternate entertainment options.....
