I was so thrilled to find MeTV.

Nearly 90% of my DVD recording and viewing comes from this channel. They bring back many meaningful old series before "reality TV" came along to dumb-down the nation.

And now you want to take that away? I realized that the Citizens United case legalizes corporate bribery of politicians - But can't you just give us this one last mental refuge from the mind-numbing dribble that comes from the big stations like ABC?

Why is it that only 5 men run every single major media outlet in the USA? Isn't that indicative of Fascism?

You can see for yourself that only 5 men run it all by looking here:
