

Secure encrypted links to searches (1-10) were used to generate the exhibits not entered due to being called indecent/obscene by porn addicts. See <http://apps.fcc.gov/ecfs/document/view?id=7521749649>
Do not follow links if a minor. These will return intentional organized criminal violations of 18 USC §1462 and 18 USC §1464 by GOOG and MSFT. Each communicating naked images in the improperly unregulated wire and the radio mediums. The FCC was created to make wire and radio communications SAFE for children to encounter without supervision or filters. The FCC is now an almost useless agency helping ensure pornography flows via wireless to ALL children in schools.

The (1-6) HTML and (1-6) PDFs will become LIVE PDF links that are not highlighted or underlined. These legal disputations should have as much impact on humanity as Rev. Martin Luther's "95 Thesis" from 1517.

Clear communications laws are being violated by GOOG and MSFT and are ignored by the FCC and ignored by "American Courts" since the "American regime" overthrew the United States of America. Complete URLs above will convert to live links in the PDFs entered by the FCC although the FCC ECFS "does not support links" in PDFS created and removes links from PDFs now if submitted.

NO "NEW MEDIUM" WILL EVER EXIST!

The "[holy] new medium" of *Reno v ACLU* was seamless integration of WIRE and the radio mediums.

Without wire communications the "inter-net" is IMPOSSIBLE today!

The page above will have 24 live and active "links" in the PDF created and entered automatically by the FCC despite the ECFS "not supporting" and removing links from

submitted PDFs that are not removed by the Eighth Circuit. This will be submitted in EVERY proceeding at the FCC and might be ignored by everyone there as well as at the Eighth Circuit Court of Appeals. These LINKS will be entered there as a letter to the court to perhaps also be ignored.

These links are entered by the Plaintiff/Appellant, Curtis J Neeley Jr., and EVERY JUDGE asked to consider preventing these immoral links from returning to the unauthenticated might be addicted to unauthenticated access to pornography “indulgences”. The Plaintiff/Appellant, Curtis J Neeley Jr., has only attempted to prevent his personal name from being associated with past creations of original indecent visual art “speech” that was later retracted as should be protected by laws now being IGNORED by the very branch of United States' government responsible.

Perpetually Submitted,

s/ Curtis J Neeley Jr.
