I think it's ludicrous for anyone NOT to support legislation that will enhance the safety of ALL Americans; regardless which type of cell phone platform they own.

How would YOU feel if YOUR wife, mother, brother, girlfriend, sister; etc... were lost in the "middle of nowhere" and help couldn't get to them in a timely fashion because 9-1-1 is not updated to modern-day technological standards? What would YOU do? I could only imagine the public scandal you'd cause.

Our Emergency Services Personnel have a difficult job as it is. Why make it any more difficult?

Instead of thinking of the "almighty dollar", why not consider using your HEARTS and BRAINS for a change of pace?
