I'm writing to support the 5 Recommendations of the California Emerging Technology Fund and more than 100 Partners so that more communities across America have affordable Internet to access knowledge and information from their home.

If you approve the Comcast-Time Warner corporate consolidation, please require Comcast to:

1. Expand offer to ALL low-income households.
2. Enroll 45% of eligible households in the next 2 years.
3. Donate to independent funds for non-profits, libraries, and schools to sign up households.
4. Report to an oversight committee.
5. Offer Internet Essentials as a stand-alone program.
