Re: Applications of AT&T Mobility Spectrum LLC and KanOkla Telephone
Association for Consent To Assign Licenses (WT Docket No. 14-199)

Dear Ms. Dortch:

KanOkla Telephone Association (“KanOkla”) hereby responds (the “Response”) to the Wireless Telecommunications Bureau (“WTB”) General Information Request dated December 2, 2014 (“Request”).¹ The Request seeks information to assist the Federal Communications Commission (“FCC” or “Commission”) to complete its review of the applications in the above-referenced proceeding.

The Request calls for KanOkla to submit certain information that is sensitive from a commercial, competitive, and financial perspective, and that KanOkla would not reveal in the ordinary course of business to the public or its competitors. KanOkla is submitting information on a Highly Confidential basis pursuant to the Joint Protective Order issued in this proceeding on December 2, 2014. The inadvertent inclusion of any material that is subject to an assertion of the attorney-client, attorney work-product, or other applicable privilege is not intended as a waiver of such privilege. KanOkla requests that any privileged material inadvertently produced be returned to KanOkla as soon as such inadvertent production is discovered by any party, and reserves all rights to seek the return of any such material.

¹ Letter from Roger C. Sherman, Chief, Wireless Telecommunications Bureau, to Greg Aldridge, KanOkla Telephone Association, WT Docket No. 14-199 (Dec. 2, 2014) and accompanying General Information Request.

REDACTED – FOR PUBLIC INSPECTION

In the public version of the Response, KanOkla has redacted Highly Confidential Information and marked the redactions with “[BEGIN KANOKLA HIGHLY CONFIDENTIAL INFORMATION] . . . [END KANOKLA HIGHLY CONFIDENTIAL INFORMATION]”. The redacted Response is marked “REDACTED – FOR PUBLIC INSPECTION” and is being filed electronically in the Commission’s Electronic Comment Filing System (“ECFS”). The Highly Confidential, unredacted Response is marked “HIGHLY CONFIDENTIAL INFORMATION – SUBJECT TO PROTECTIVE ORDERS IN WT DOCKET NO. 14-199 BEFORE THE FEDERAL COMMUNICATIONS COMMISSION” and is being delivered to the Secretary. Additional copies of the unredacted Response are being delivered as instructed in the Request.

RESPONSE

Request:

1. Explain in detail the decision made by KanOkla to assign the Lower 700 MHz C Block spectrum that is the subject of this application to AT&T, including any attempts made to enter into a sale of this spectrum or alternative arrangements with parties other than AT&T.

Response:

KanOkla is a rural incumbent local exchange carrier that, among other things, provides local telephone service and broadband Internet service in rural areas in southern Kansas and northern Oklahoma. KanOkla also provides fixed wireless broadband Internet access service using its licensed Lower 700 MHz C Block spectrum and 3650-3700 MHz spectrum (“3650 MHz”) in rural Kansas and Oklahoma.

[BEGIN KANOKLA HIGHLY CONFIDENTIAL INFORMATION]

[END KANOKLA HIGHLY CONFIDENTIAL INFORMATION] KanOkla is a minority general partner in Cellular Network Partnership (“CNP”), a mobile wireless services provider in Kansas and Oklahoma. KanOkla, therefore, also began considering utilizing its 700 MHz assets to benefit CNP.

In January of 2014, KanOkla consulted with, and engaged Alpina Capital, LLC (“Alpina”) to assist in a strategic review of KanOkla’s wireless operations and assets. Alpina is a FINRA-registered investment bank that has negotiated the sale of over 100 wireless systems and/or spectrum transactions since 2006. In addition, one of Alpina’s Managing Partners has substantial management experience operating, constructing, and financing wireless systems in rural markets. Alpina and KanOkla evaluated several business options regarding KanOkla’s wireless assets, and ultimately focused Alpina’s review and efforts on: **[BEGIN KANOKLA HIGHLY CONFIDENTIAL INFORMATION]**

At this point, Alpina contacted a diverse group of potential buyers for the 700 MHz spectrum, including wireline, wireless, video, and data services providers. Specifically, Alpina contacted the following parties regarding a sale of the licenses: **[BEGIN KANOKLA HIGHLY CONFIDENTIAL INFORMATION]**

HIGHLY CONFIDENTIAL INFORMATION]** On September 2, 2014, KanOkla and AT&T
executed a final license purchase agreement.
