I can't believe protecting the Internet is even up for consideration? Really? But for the love of God, there is only one moral, American Patriotic decision in this case and that is to support net neutrality and fight for the American People.

Please, (I shouldn't have to say please and we shouldn't have to beg you to do the right thing (unreal) ) fight against the tyrannical greed stricken treachery and filth found in the back room dirty deals these corporate capitalist evil-doers are involved in. Seems they have no bounds. Please do not join them is this anti-American treachery. Don't allow this evil act against the world.
