i will not let you take away my internet you mongers.
it is my freedom.i have left TV and phones since only idiots use those.
internet is all i need.take it away and well see what i will take away from you.
i love america,touch my internet and i will murder you.
i will hire all my relatives to hunt you down and make you regret your deeds.
whoever reads this,do the right thing my friend.
much love from Russia.
