The undersigned is licensed as a Professional Engineer in the District of Columbia and has been in continuous employment with this firm or its predecessors for over fifty (50) years.

This firm has reviewed the NPRM and applauds the FCC on its review of the history of authorizing wireless microphones and its effort to document the myriad of uses that have resulted (licensed and unlicensed) over the past thirty (30) years.

This firm has assisted various broadcast groups in licensing wireless microphones for a variety of uses in the studio and in electronic news gathering vehicles.

In order to gain a wider view of the current broadcast industry, this firm has requested specific information from some of its AM, FM and TV clients that the FCC posed in Paragraphs 19 and 20 of the NPRM. As soon as this firm is able to organize this information, this firm will file either late-filed comments or in its reply comments.

Respectfully Submitted

Donald G. Everist, PE
