This is for an Invoice Deadline Extension.

Mound City Public Library

BEN 137180

FRN 2413093

Application #886740

We just discovered that the paperwork (BEAR invoice) for this funding was not completed because of an unexpected change in personnel this past year. The person who was working on this project was dismissed from her position and left without completing the forms necessary. Our library is requesting an extension on this invoice so that we may receive the committed amount of \$966.00. We appreciate your patience and consideration in this matter. If you have questions, please don't hesitate to contact us.

Sincerely yours,

Susan Nauman, Assistant Director Mound City Public Library
