My telephone has been on the do not call list for a good many years and yet I am still plagued almost daily by robo calls. I pay my phone bills every month so I can use it as needed. It should be considered to be private property not available to advertisers and scammers. It is a very necessary item in my life since I am 90 years old and need to contact and be contacted by the people who help me to stay in my own home. Please stop all these nuisance calls.
