I ask that you protect net neutrality and not allow Comcast and Time Warner Cable to have a two tier system. The system works brilliantly as it is for the greatest number of people. The efforts by Comcast and TWC to end net neutrality must be stopped. If it goes forward, the people who will be hurt the most are those least able to afford the basics of life further disadvantaging them in getting ahead. The only benefit of a two tier system would be to the companies pushing this legislation and their share holders.
