Re: *Connect America Fund*, WC Dkt. No. 10-90; *Lifeline and Link Up Reform and Modernization*, WC Dkt. No. 11-42; ETC Annual Reports and Certifications, WC Dkt. No. 14-58

DOCKET FILE COPY ORIGINAL

Dear Ms. Dortch:

Frontier Communications Corp. hereby amends its previously filed annual report and certifications as required by sections 54.313 and 54.422 of the Commission's rules for the five specific companies listed below.¹

These documents are being refiled with the following changes:

- Citizens-Frnter-Vol St, SAC 290580 (TN), is edited to demonstrate that Frontier certifies voice services rate comparability. Box 1000 was erroneously left unchecked in the original filing.
- Frontier- Canton, SAC 170152 (PA), is edited to demonstrate that Frontier certifies voice services rate comparability. Box 1000 was erroneously left unchecked in the original filing.
- Citizens-Frontier-MT, SAC 484322 (MT), is edited to demonstrate that Frontier certifies voice services rate comparability. Box 1000 was erroneously left unchecked in the original filing.
- Frontier of Illinois, SAC 341038 (IL), is edited to demonstrate that Frontier notes compliance as a recipient of Incremental Connect America Phase I support, frozen High Cost support, High Cost support to offset access charge reductions, and Connect America Phase II support as set forth in 47 CFR § 54.313(b),(c),(d),(e) and that the information reported on and included with form 481 is accurate. Box 2013 and 2016 were erroneously left unchecked in the original filing.
- Citizens-Frontier-IL, SAC 341183 (IL), is edited to demonstrate that Frontier notes compliance as a recipient of Incremental Connect America Phase I support, frozen High Cost support, High Cost support to offset access charge reductions, and Connect America Phase II support as set forth in 47 CFR § 54.313(b),(c),(d),(e) and that the information reported on and included with form 481 is accurate. Box 2016 was erroneously left unchecked in the original filing.

No. of Copies rec'd 0
List ABCDE

¹ See Letters from Michael D. Saperstein, Jr., Frontier Communications, to Marlene H. Dortch, FCC, WC Dkt. Nos. 10-90, 11-42 (filed June 10, 2014 (SAC 170194); June 18, 2014 (SAC 320828); June 26, 2014 (SAC 310682)). This letter is also being filed in WC Dkt. No 14-58 pursuant to a Commission Order that was not yet in effect as of the initial filing date.

REDACTED—FOR PUBLIC INSPECTION

As with the original filings, portions of this filing are being made confidentially in accordance with the Federal Communications Commission's ("Commission") *Third Protective Order* in this docket.²

Specifically, Frontier requests confidential treatment of the detailed reporting of outages lasting longer than 30 minutes in 2013, which includes the location, cause, duration and efforts taken to prevent further outages. This information is competitively sensitive and is not normally released to the public; release of such sensitive data could give Frontier's competitors an advantage in the markets described therein.³

Frontier also requests confidential treatment of its unfulfilled voice and broadband service requests. This information is competitively sensitive as it may provide an indication of where Frontier may target future service expansion. This information is not normally released to the public; release of such sensitive data could give Frontier's competitors an advantage in the markets described therein.

Finally, Frontier requests confidential treatment of its broadband price offerings. While broadband price offerings may be publicly available on a targeted and localized basis, Frontier does not make available a companywide description of its pricing across all markets, which is what this report provides. This information is competitively sensitive as pricing is a key component of broadband competition and is not normally released to the public at this scale; release of such sensitive data could give Frontier's competitors an advantage in the markets described therein.

The non-redacted submissions have been marked as confidential. Frontier requests that the documents marked as confidential be withheld from public inspection. Frontier is also filing a redacted copy of this report for public inspection.

A copy of this report is also being filed with the Universal Service Administrative Company, each relevant State public service commission in which Frontier operates as an ETC, and relevant authorities and Tribal governments pursuant to Section 54.313(i) of the Commission's rules.⁴

Please feel free to contact me with any further questions.

Sincerely,

Jennifer Schneider

FCC Form 481

Line 100 – Service Quality Improvement Reporting
[47 CFR 54.313(a)(1)]

In the FCC's Public Notice DA 14-951, released May 1, 2014, the FCC waived the requirement for price cap ETCs to file a five-year plan.¹

¹ The Public Notice stated, in relevant part:

We now grant a waiver of this requirement for price cap ETCs for an additional year. Because the Bureau just finalized the Connect America Cost Model, and price cap carriers have not yet had the opportunity to make a state-level commitment for Connect America Phase II, we find that it is not in the public interest to require price cap ETCs to file new five-year plans in 2014 for the same reason as last year: they do not yet know which areas they will be serving in the future.

Line 510 – Description of Compliance with Service Quality Standards and Consumer Protection:

The Frontier ILEC companies certify that they comply with applicable state and FCC service quality standards. Service quality metrics are monitored and reported on a monthly basis. Frontier has implemented numerous Consumer Protection measures to protect customer information from improper use and disclosure as well as to protect against fraud. For example, Frontier has implemented Customer Proprietary Network Information (policies and procedures) that are consistent with the FCC's regulations. Frontier regularly trains employees who have access to CPNI on the rules and our procedures for securing accounts and authenticating callers. Frontier also has a comprehensive Identity Theft Protection Program (or Red Flag program) which is consistent with the FTC's guidance on measures to detect and prevent identity theft. All employees are trained on Frontier's Code of Business Conduct and Ethics, which requires employees to protect sensitive customer information from improper use and disclosure. Frontier also has a Data Privacy and Security policy which applies to all employees. Further, Frontier also has implemented a strict third-party qualification protocol to prevent unauthorized charges ("Cramming") from appearing on customer's bills. Frontier also follows a "First Call" resolution policy, which aims to resolve customer complaints about unauthorized charges in one call, without referral to any third party. In addition to the foregoing, Frontier, has implemented customary IT security measures to protect our network and customer information.

Frontier certifies compliance with Tennessee state consumer protection rules; 12204-2-.10 Customer Billing and 1220-4-2-.58 Billing Requirements for Charges on Consumer's Telephone Bills.

The Tennessee state consumer protection rules are available at:

<http://tn.gov/sos/rules/1220/1220-04/1220-04-02.pdf>

Row 610 - Description of Functionality in Emergency Situations

In December 2013, the FCC adopted new rules to promote 911 resiliency. Frontier is currently reviewing its back-up power, circuit auditing and network monitoring practices to ensure compliance with the FCC's direction. Frontier's procedures are described below; to the extent that there is any conflict between the FCC's new 911 resiliency rules and Frontier's existing procedures, the existing procedures will be updated to conform to FCC standards within the timeframe specified by the FCC.

The Frontier ILEC companies certify that they follow best practices that are designed to allow them to remain functional in an emergency situation through the use of back-up power to ensure functionality in the event of a limited commercial power failure. Frontier's policy is that at sites where there is a generator, it will also have batteries capable of providing three-to-four hours of backup power. Sites that are provisioned to allow portable generators typically have up to eight hours of battery backup power available. Frontier adheres to formal maintenance and testing schedules of batteries and generators based on the GTE practices, the Bell standard and manufacturer standards. Batteries are load tested routinely. On site generators are tested monthly with an annual "blackout" test also incorporated. Routine maintenance occurs regularly throughout the year. Portable generators are load tested once a year along with performing the manufacturer recommended maintenance.

The companies' network is engineered to provide maximum capacity in order to handle excess traffic in the event of traffic spikes resulting from emergency situations. Carrier audits its circuits in order to provide redundancy in its network where feasible for use in re-rerouting traffic when facilities are damaged.
