Special Access Data Collection – Notice of Streamlined Filing
Mik Rotec CATV, LLC - FRN 0014471288**

Dear Ms. Dortch:

On behalf of Mik Rotec CATV, LLC (“MRC”), JSI hereby files this letter to notify the Commission that MRC has filed a streamlined response in the Commission’s Special Access Data Collection web portal. Initially, MRC had identified that it owned connections in price cap ILEC areas and would therefore need to file as a Competitive Provider.¹ However, as MRC began to research and gather the data, it discovered that none of the connections were in service in 2013. As a result, MRC is not a Provider, Purchaser, or entity that provides Best Efforts Business Broadband Internet Access Services to 15,000 or more customers or 1,500 or more business broadband customers in areas where the ILEC is subject to price cap regulation.

To the extent necessary, MRC seeks waiver of the December 15, 2014 deadline established by the Commission for the streamlined filings.² Please direct any questions regarding the filing to the undersigned.

Sincerely,

John Kuykendall
