Isn't it foolish to let others (especially GATEKEEPERS - politicians, elected officials, public servants, bureaucrats and media mouthpieces) continuously undermine your own best interest? Wouldn't it be prudent to have a direct say in the things that affect you and your loved ones? Many reasonable, responsible and conscientious people are now coming to realize that they need a mechanism whereby they can participate directly in government in order to help safeguard their own best interest!

What could this mechanism be?

The answer is a People's Branch of government!

The process to get a People's Branch of government starts with the petition!

Why a Petition? Because it's time tested and a Constitution guaranteed method whereby people/citizens can take action and change the governing and political process!

Only GATEKEEPERS that are working to help you safeguard your and your loved ones own best interest are truly worthy of your attention, admiration, alliance and loyalty!

Shouldn't everyone, especially GATEKEEPERS, promote the best way for everyone to help safeguard their own best interest i.e. Citizens need to participate directly in government in order to help safeguard their and their loved ones own best interest!

People are now beginning to see how the Petition can be used to help protect their rights and freedoms. Therefore, none should forget or forgive any GATEKEEPERS that abuse their positions of power. Petition and its power and strength for good in the hands of good people will stop these tyrants from abusing the public's interest!

GATEKEEPERS that genuinely care about the rights and freedoms of the people will support this powerful solution i.e. our Petition for a People's Branch of government!

With our petition we create a way to set-up a mechanism for corruption-proof checks and balances on government. The people themselves will hold accountable those behind government's atrocities - namely SPECIAL INTEREST - along with the governmental authorities that are doing their bidding. An ACTIONABLE Long Term SOLUTION for most of our problems exists.

People are coming to understand that not unlike the original need for a Constitution and Bill of Rights, the true strength of a People's Branch of government is that it will help them protect themselves from the tyranny of government and SPECIAL INTEREST. They are coming to realize that their own best interest and the best interest of the vast majority of the people are one and the same.

People are coming to realize that the elite and their GATEKEEPERS are benefiting from direct participation (i.e. influence/manipulation) in government at the expense and detriment of the people's own best interest.

Yet, Until the people wake up and adopt this (People's Branch of government) mechanism for their own direct participation in government, then their own best interest will only continue to suffer.

Therefore, reasonable, responsible and conscientious people have to resort to revolution (violent or otherwise) from time to time, because their best interest is trampled by so called elite - SPECIAL INTEREST!

ABOVE EVERYTHING THE PROPAGANDISTS THROW AT YOU ? REMEMBER THIS: A People's Branch of government can and will stop/reform/amend/reverse and heal the power structure and justice system. A People's Branch will see that those responsible for these atrocities are justly punished!

Wake up or die asleep its up to you! Reasonable, responsible and conscientious people are choosing to wake up! You too can Wake-Up to the only non-violent way to take your government away from SPECIAL INTEREST.

Only when citizens have a direct participation in their government concerning matters that affect them will their and their loved ones' issues (political, freedoms, rights, financial, health, justice and security etc.) have a true chance to be properly addressed!

You and your fellow citizens' direct input/participation in government on matters that concern you and your loved ones is paramount!

A People's Branch creates the best way to check and balance government! If SPECIAL INTEREST continues to have its way then you and your loved ones will lose much! Why not help us help you?!

Every Reasonable, responsible and conscientious person should be asking themselves

WHY DO LEADERS OF BOTH MAJOR PARTIES HATE THE IDEA OF A PEOPLES BRANCH?

Those that truly seek fair and equitable solution(s) can find it at The People's Branch. Implementing a People's Branch in your local area is the key you have been waiting for.

ANNOUNCEMENT: OPEN CHALLENGE TO ANY AND ALL GATEKEEPERS ? WE CHALLENGE YOU TO DEBATE THE MERITS OF A PEOPLE'S BRANCH OF GOVERNMENT WITH US - THE MEMBER(S) OF THIS POLITICAL MOVEMENT - THE PEOPLE'S BRANCH. (YOU KNOW WHERE TO FIND US - webmaster@ThePeoplesBranch.org)

Did you hear that? GATEKEEPERS - What's your response? Why do GATEKEEPERS always refuse open debate with this political movement? Why would a GATEKEEPER have any problem bringing this political movement to their followers and the masses? What part of the people's ability to participate directly in their government thereby creating an incorruptible Checks and Balances upon governmental atrocities and corruption - DON'T YOU GET?

GATEKEEPERS can't name one issue or one problem that a People's Branch would make worse! Yet, we can name any number of issues and problems that a People's Branch will make better, improve and/or solve for WE THE PEOPLE!

Why not let all the GATEKEEPERS you follow know that you want them to openly debate the merits of a People's Branch to check and balance government?...
