**Section 1: Certification of Officer**

FCC Mail Room

Section 54.313(a)(10) of the rules of the Federal Communications Commission ("FCC") requires **Union River Telephone Company** ("The Company") SAC 100027 to provide information regarding Voice Services Rate Comparability.

I, William S. Silsby, Jr., am an officer of Union River Telephone Company and hereby certify that The Company's pricing of voice services is no more than two standard deviations above the applicable national average urban rate for voice service and that the statements made herein are accurate:

Name of Officer(Print): William S. Silsby, Jr.

Title: President/General Manager

Signature: 

Date: 1/12/15

**Section 2: Description of Voice Service Rate Comparability**

The Company offers the following description as to how the pricing of its voice services is no more than two deviations above the applicable national average urban rate for voice service. As per Public Notice DA 14-384, the Wireline Competition Bureau stated that the average urban rate for local service for Program Year 2015 was \$20.46, thus a carrier receiving High Cost Program support must certify that its local rate and state fees is below \$46.96.

Consistent with Data Line 700, Company Voice Telephony Service Price Offerings, completed in accordance with 47 CFR § 54.313(a)(7), the Company offers two flat rate options in each of its exchanges based on local calling area. The flat rated Residential Local Service Rate plus state fees yields exchange charges per line of \$17.85 and \$19.37, which are well below \$46.96.
