**Re: Ex Parte Submission, Protecting and Promoting the Open Internet, GN Docket No. 14-28;  
Framework for Broadband Internet Service, GN Docket No. 10-127**

Dear Ms. Dortch,

On February 10, Frankfort Plant Board and dozens of other municipal providers of broadband Internet access service sent a letter to Chairman Wheeler expressing strong support of net neutrality and an open Internet and staunch opposition to the reclassification and regulation of this service as common carriage under Title II of the Communications Act. With this letter, I wish to note that Lafayette Utilities Service was listed as a signatory in error.

Pursuant to Section 1.1206 of the Commission's rules, this letter is being filed electronically with the Commission via the Electronic Comment Filing System.

Respectfully submitted,

/s/

John Higginbotham:  
Assistant General Manager -
