To Whom It May Concern,

In December 2013 I submitted a Petition for Reconsideration on the matter of a reset on the service start date of my 2012 E-Rate application. I have checked in periodically for status but I continue to be told that the matter is under review.

As the matter is still apparently under review, I wish to submit an addendum to my previous documents.

On July 24, 2013, our former E-Rate coordinator Katie McLean received a letter that she may have missed the deadline for submitting and certifying our Form 486. In this letter, Katie was given the new deadline of 8/13/13 to submit and certify the form. Katie actually did submit Form 486 on 7/31/13. It is not known why the form was not certified until 8/14/13, a day late. I do know that she didn't have her own pin, and I believe the form was certified by Victoria Mori's pin. I can only propose that Katie intended to ask Victoria to certify the form, then forgot that it hadn't been certified. She quit 8/21/13, so I'm sure that the week of 8/13/13 she was preoccupied with the many things she needed to wrap up before leaving.

I would like to once again plead for reconsideration of this matter based on the fact that the form was actually submitted BEFORE the deadline, and the certification was simply overlooked until the day after the deadline.

Thank you for your consideration.

Sincerely,

Tonya Passey
