FCC

Dear FCC.,

This letter is a complaint against Barrack Hussein Obama his Administration and other parties intent to take over the internet and it's protocols for both users and independent businesses. This is another attempt by Left Wing arrogant Liberals to put their foot on the throats of the liberties of American Citizens. America is the greatest country ever. Obama and his Leftist followers absolutely despise the freedoms we have. However I will do everything in my power to fight against such oppressiveness.

Do not allow these people to take our rights away from us. Do not let this vote for internet neutrality take place or pass. The Internet is **not** a "Public Utility" for leftist government bureaucrats to reclassify or to take over. Our liberties are at stake again. I urge you to oppose all parties who are in favor of internet neutrality, as I am totally against it.

Sincerely,

Pete C. Newbauer
