Re: *Ex Parte Letter*, GN Docket No. 09-191, GN Docket No. 14-28

Dear Ms. Dortch:

I submit a document outlining my proposal for network neutrality rules and the following appendices:

The Record Demonstrates Significant Support for Strong Rules

This appendix shows support for banning zero rating, classes of applications, ban on fees, application agnostic RNM and applying the rules to mobile

Internet Startups Need a Non-Discriminatory Internet

Stories from startups about how they were founded and that it wouldn't have been possible if discrimination was allowed

Small Business Across the U.S. Oppose Discriminatory Fees

Quotes from filings from original local small businesses saying their business will be harmed if they need to pay for a fast lane, etc

A Diverse Range of Communities Support Net Neutrality

Quotes from filings demonstrating support for different communities like Faith, Educators, Artists

Entities Calling for Bright Line Rules

Quotes from filings asking for bright line rules and/or no excessively complicated or ambiguous language

When my assistant filed these documents before midnight ET last night, she inadvertently uploaded one incorrect attachment. Here is the filing again with the correct attachment I had meant to include. My sincere apologies for the mix-up.

Should you have any questions, please do not hesitate to contact me.

Sincerely,

/s/ Barbara van Schewick
