I very stupidly supported a petition in favor of net neutrality. After actually taking the time to read into what "net neutrality" really was, I realized how evil this thing is... It is truly evil. The government has gained the control of America's young's minds and has spearheaded an attempt to seize control of a BUSINESS PLAYINGFIELD. THIS IS NOT FREEDOM, NET NEUTRALITY DESTROYS THE FREE MARKET!!!! ISP SHOULD BE ABLE TO CHARGE WHATEVER THEY LIKE, AND RUN THEIR BUSINESSES HOWEVER THEY WANT!!! STAY AWAY FROM THE FREE MARKET, DO NOT ENACT THIS RECHID FIEND OF A LAW!!!!
