Attorneys for the
California Public Utilities Commission

The California Public Utilities Commission is today separately submitting comments in response to the Federal Communications Commission's (FCC or Commission) above-captioned *Notice of Proposed Rulemaking (NPRM)* regarding the national transition of telecommunications networks. These comments were due on February 5, 2015. The CPUC was unable to submit comments by that deadline because the CPUC considered this item on the agenda at its public meeting, held February 5, 2015. CPUC staff was not able to provide a recommendation to the CPUC prior to that date. CPUC staff has spent the past two weeks drafting the comments based upon the recommendations presented to and approved by the CPUC at its public meeting.

Undersigned counsel represents that no one at the CPUC associated with preparation and submission of these comments has reviewed other parties' comments, nor do these comments purport to respond to any other party's position(s) set forth in comments filed on February 5th.

The CPUC respectfully asks that the FCC accept these late-filed comments.

Respectfully submitted,

HELEN M. MICKIEWICZ
