Washington, DC 20554

*Re: Special Access for Price Cap Local Exchange Carriers;  
WC Docket No. 05-25, RM-10593*

Dear Ms. Dortch:

On February 27, 2015, Charles McKee of Sprint Corporation and I met with Deena Shetler, William Layton, Pamela Arluk, Eric Ralph, David Zesiger, Christopher Koves, and Virginia Metallo of the Wireline Competition Bureau regarding the above-captioned proceeding. Specifically, we discussed the status of the Commission's preparations to release the data collected in response to its recent data collection. We also encouraged the FCC to consider a range of options as it considers how to repair the broken special access market once it has analyzed this data. We discussed that Commission action should address rates, terms, and conditions and that it should consider reforms of the existing price cap mechanisms as well as alternative approaches, such as benchmarks.

Pursuant to the Commission's rules, this letter is being submitted for inclusion in the public record of the above-referenced proceedings.

Sincerely,

Paul Margie  
*Counsel to Sprint Corporation*
