Re: Case Identifier: CGB-CC-1352
CG Docket No. 06-181
Petition for Closed Captioning Exemption
Request for Supplemental Information

Dear Mr. Fallah:

This letter concerns your Petition for exemption from the Federal Communications Commission's (FCC's) closed captioning requirements. After reviewing your Petition, the Consumer and Governmental Affairs Bureau (Bureau) has determined that additional information, as set forth below, is required to enable us to determine whether the programming that is the subject of your Petition should be exempted from the FCC's closed captioning requirements because captioning such programming would be economically burdensome to your organization.

Specifically, your Petition included information about the name of your programs, impact of captioning on your operation and program, financial resources (via public and confidential versions), verification that you sought captioning assistance and sponsorship, and a description of your overall operation. We conclude, however, that because your Petition is missing required information, we cannot take further action on it.

If you wish for your Petition to receive further consideration for a closed captioning exemption, you must supplement your Petition by providing us with the information described below **by April 23, 2015**, which is 30 days from the date of this letter:

- The nature and cost of the closed captions for the programming. Provide information about your organization's costs associated with closed captioning each specific program for which you are requesting an exemption, and your efforts to find companies that can provide captioning at a reasonable cost.
 - Include documentation for two or more recent quotes you received from closed captioning services to provide closed captioning specifically for your program(s). "Recent" means a quote you obtained within one year of the date of your petition. For each of these quotes, include an estimate of your annual cost to caption your program(s). For example, multiply the cost to caption each of your program episodes by the number of program episodes you expect to produce and show in one year.

You have submitted two documented and recent quotes for the cost of captioning your specific programs. However you state that the quoted prices of \$200/hour and \$120/hour will translate into the annual quotes of \$312,000 and \$187,200 respectively. You explain that it is because you have approximately forty shows that are aired approximately three times on each of the thirteen networks and captioning must be re-done every time these shows are aired. Our understanding is that this process of duplicative multiple captioning for the same

program is not necessary; and that there are procedures to avoid such duplicative captioning. We ask that you submit documentation from the vendors that such duplicative captioning is required. You can return to the two captioning vendors you contacted, CaptionMax and Dynamic Captioning, to get such verification.

- **Affidavit or declaration.** Your submission must contain a detailed, full showing, supported by a signed and sworn affidavit or signed declaration made under penalty of perjury attesting to the truthfulness and accuracy of the information and representations contained in your submission. An affidavit is a written statement made under oath, before an official who is authorized to administer oaths, such as a notary public or county clerk. A declaration is a written statement made under penalty of perjury, such as “I declare under penalty of perjury that the information contained in this submission is true and correct.” (See 47 C.F.R. § 1.16.) The affidavit or declaration must be dated.

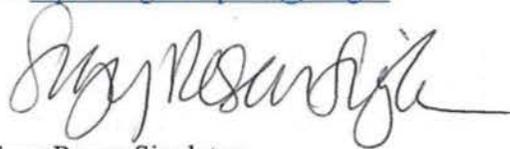

Your supplemental material must be accompanied by an affidavit or declaration as described above.

Because of the public nature of FCC proceedings, your submission, as well as any supporting financial or other information provided, will be available for inspection by the general public. If your submission contains some specific information that you would like not to be made routinely available for public inspection, you may request its “confidential treatment”, pursuant to FCC rules. (See 47 C.F.R. § 0.459.) If you seek such treatment, you must identify the *specific* information which you would not like to be made available to the general public and provide the basis for your request, for example, that the information is proprietary financial information, contains a trade secret, or is legally privileged. Also describe how disclosing the information to the general public may cause you substantial competitive harm. You must also submit a second version of your submission with the confidential information redacted (removed or blacked out). This second version must be submitted along with your request for confidential treatment. The redacted version (*i.e.*, the version that does not contain the confidential information) will be disclosed publicly. If your request for confidential treatment is granted, the “public version” of your submission must still contain sufficient documentation to support your claim that closed captioning would be economically burdensome. This documentation is needed so that members of the public have notice of the basis for your exemption request and can comment on its merits.

If the Bureau determines that your Petition, as supplemented by your response to this letter, provides sufficient information upon which to make a determination of whether or not to grant a closed captioning exemption, we will place your Petition on public notice under Docket No. 06-181 at <http://fjallfoss.fcc.gov/ecfs>. Members of the public will then have 30 days to file comments on and/or oppositions to your Petition, including the supplemental information you have provided in response to this letter, after which you will have 20 days to respond. At the end of this timeframe, the Bureau will review your Petition, along with any comments and responses received, to determine whether you have demonstrated that providing closed captions would be economically burdensome. If Bureau denies your Petition, you will have 90 days from the date of your notification of the denial to begin captioning.

If you do not supplement your Petition with all of the updated information and documentation requested in this letter within 30 days of the date of this letter, we will conclude that you have failed to support your exemption request with adequate explanation and evidence, and will dismiss your Petition. In the event of such dismissal, your organization will be required to begin providing closed captioning for your program(s) within 90 days of the date of our notification to you that your Petition has been dismissed.

If you have questions pertaining to this letter or the information and materials requested herein, please contact the FCC's Disability Rights Office at captioningexemption@fcc.gov.

A handwritten signature in black ink, appearing to read "Suzy Rosen Singleton". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Instructions for Filing a Supplement to a Closed Captioning Exemption Petition

Your supplemental information must be sent by e-mail to captioningexemption@fcc.gov. Petitions and supplemental materials may not be filed directly on the FCC's Electronic Comment Filing System (ECFS) or by U.S. mail. At this time, the FCC's e-mail system does not accept attachments in the form of .ZIP files or file sizes larger than 13.3 megabytes. If a petitioner has concerns that its file size will exceed this limitation, please contact captioningexemption@fcc.gov. Because the FCC will upload petitions and any supporting information and documentation to ECFS, petitioners must follow the ECFS document format guidelines (<http://apps.fcc.gov/ecfs/userManual/upload/documents.jsp>) when sending petitions, supporting information, and documentation via e-mail. For more information about this electronic filing procedure, visit <http://www.fcc.gov/encyclopedia/economically-burdensome-exemption-closed-captioning-requirements>.

You must include your case identifier number, which is located at the top of this letter, and CG Docket Number 06-181 in all correspondence with the FCC regarding your petition.
