Re: *Connect America Fund*, WC Docket No. 10-90

Dear Ms. Dortch:

On March 25, 2015, Jennifer Schneider, Vice President, Legislative Affairs, Frontier Communications, and I met with Katie King, Heidi Lankau, and Alexander Minard of the Wireline Competition Bureau. The parties discussed the relationship between Phase I Round 2 of the Connect America Fund ("CAF") and CAF Phase II.

In particular, the parties discussed that the Commission has required price cap carriers accepting Phase II support to report the individual geocoded locations for purposes of fulfilling CAF Phase II obligations, consistent with the reporting obligations for CAF Phase I. Because the Commission will have identifying information for each location served in the entire CAF program, the Bureau can ensure that any "planned Phase I deployments" are not also counted for purposes of CAF Phase II.¹ In this manner, the Bureau could ensure that locations are not unnecessarily excluded from receiving broadband through the CAF Phase II program simply because they happen to share a census block with a location that received CAF Phase I Round 2 support.

Pursuant to Section 1.1206(b) of the Commission's rules, 47 C.F.R. §1.1206(b), this letter is being filed electronically with your office today.

Respectfully,

/s/ AJ Burton
