KENW TV is a New Mexico TV station, partially funded by the taxpayers in New Mexico, and we have been serving people living on the eastern side of the State of New Mexico for more than 40 years. KENW TV is a New Mexico non-commercial public television station and we should rightly be carried on the Local-into-Local TV service provided by the satellite companies in the Albuquerque/Santa Fe DMA. Nielsen has just notified us that KENW-TV has now been moved back to the Albuquerque/Santa Fe DMA from the Amarillo DMA. My husband and I live in rural New Mexico and KENW was one of our frequently watched programs on Dish TV. Please support KENW-TV's Petition for Emergency Relief. Thank you
