**RE: WC Docket No. 13-39; Rural Call Completion Compliance Letter
BullsEye Telecom, Inc.**

Dear Secretary Dortch:

This letter is submitted on behalf of BullsEye Telecom, Inc. in compliance with Report and Order and Further Notice of Proposed Rulemaking ("Order"), FCC 13-135 and Public Notice DA 15-291 in WC Docket No. 13-39.

BullsEye Telecom, Inc. serves more than 100,000 domestic retail subscriber lines, including traditional TDM lines and interconnected VoIP connections. However, BullsEye Telecom is not a "covered provider" under the Commission's rules (47 CFR §64.2101) because it does not make the initial long-distance call path choice for more than 100,000 domestic retail subscriber lines.

For its traditional TDM subscriber lines, the Company hands off its end user customer calls to the following long distance providers: Qwest Communications and ANI.

For its interconnected VoIP connections, the Company does make the initial long distance call path choice; however, it does not serve more than 100,000 such connections and is therefore not a covered carrier under the Commission's rules.

Any questions you may have regarding this filing should be directed to my attention at 407-740-3005 or via email to swarren@tminc.com. Thank you for your assistance in this matter.

Sincerely,

/s/ Sharon Warren

Sharon R. Warren
