Please read this important notice about the “Regional AT&T Long Distance” service you currently receive. This service, sometimes also referred to as “IntraLATA Toll” or regional calling, is the service that enables you to make non-local calls that are not interstate or InterLATA long distance calls.

On May 18, 2015 BellSouth Telecommunications will transfer your account to North Central Long Distance. Effective on that day, any regional calls you make will be carried by North Central Long Distance and billed to you on your North Central local exchange bill. Your state wide and interstate calls will be unaffected by this change. Any service or rate issues existing prior to this date will be addressed by your prior carrier using existing procedures.

Unless you opt otherwise before that date, you will be transferred to North Central Long Distance on May 18. You may choose a different carrier should you wish to select an alternative regional toll provider by contacting North Central at the number(s) listed below. North Central Long Distance will pay any carrier change fees associated with this transaction. Please note that this change will occur even for those subscribers who have a preferred carrier freeze on their accounts. You will need to contact North Central to re-establish your carrier freeze after the transfer date.

North Central Long Distance regional toll 1+ rates will be **15-cents** a minute for residential customers and **20-cents** a minute for business customers with no monthly recurring fee. You will be notified via mailing or bill message of any rate changes that may occur after this date.

Any questions you may have about this transaction can be referred to our customer service department at 270-622-7500 or 1-888-830-3091.

Sincerely,

NCTC
