Re: Geographic Rate Averaging Certification, Pursuant to § 64.1900 of the Commission's Rules of Perseus Telecom Limited (FRN: 0019491802), Docket 96-61

Dear Sir or Madam:

Perseus Telecom Limited ("Perseus") is a non-dominant interexchange carrier providing network and data services to enterprise customers and other carriers. Perseus does not believe that the provisions of § 64.1900 are applicable to its current service offerings and, accordingly, is filing this letter out of an abundance of caution. When Perseus provides voice-grade interexchange telecommunications services in the future, Perseus will provide its detariffed interstate interexchange services in compliance with geographic rate averaging, and its rate integration obligations pursuant to section 254(g) of the Communications Act.

Further, I am an officer of Perseus Telecom Limited and I certify under penalty of perjury under the laws of the United States of America that the foregoing is true and correct.

Thank you for your assistance in this matter and please do not hesitate to contact me if you have any questions or concerns.

Respectfully submitted,

A handwritten signature in blue ink, appearing to read "Peter T. Nylund", written over a horizontal line.

Peter T. Nylund, Chief Financial Officer, Perseus Telecom Limited
