Funding Request of \$38,398.40

FRN # 2873204 for Internal Wiring/Cabling from Assurance Media

Funding Request of \$52,899.28

WOODBIDGE SCHOOL DISTRICT in Sussex County, Delaware respectfully requests
the waiver of the 2015-16 Form 471 application deadline.

The District Technology Coordinator, Marshall Downes, is the person assigned to
perform the Category 2 E-Rate functions for the Woodbridge School District. He was
unable to meet the E-Rate deadline of April 16th for several reasons. Illness hit his

household and befell his wife, 3-year old daughter, and himself. As a result of their illness and his own, he stayed home to take care of them and missed work, thereby putting the E-Rate Project behind schedule.

Their pre-planned family vacation also fell during the E-Rate Window which made it impossible for him to complete the project work that was needed to meet the deadline.

In the week following when he returned to work, Delaware held its Statewide Testing which took the entire week of April 13th. Marshall's job as the District Tech Coordinator forced him to prioritize that activity ahead of E-Rate.

After Statewide Testing, Marshall completed all the Form 470 bid collections, RFP evaluations, contract negotiations, and the Form 471 was completed within the 2015-16 Form 471 period of 14 days following the close of the window on April 16, 2015. The application was completed and online certification was submitted as of April 29, 2015.

Thank you very much for your support in consideration of this request for waiver. Woodbridge will work with the Statewide E-rate Coordinator to complete filings on time going forward.

Respectfully submitted this 30th day of April, 2015.

A handwritten signature in black ink that reads "Kay R. Buck". The signature is written in a cursive, flowing style.
