Re: *Lifeline and Link Up Reform and Modernization, WC Docket No. 11-42;*
Lifeline and Link Up, WC Docket No. 03-109

Dear Ms. Dortch:

On May 1, 2015, Daniel Neal, Chief Executive Officer and Founder of Kajeet, Inc., accompanied by the undersigned, met with Trent Harkrader and Jonathan Lechter of the Wireline Competition Bureau, and Jonathan Chambers, Chief of the Office of Strategic Planning and Policy Analysis, to discuss the importance of updating the Lifeline program to support broadband. Specifically, we discussed the attached presentation, which focused on the need to ensure all students, including those who come from low-income households, have access to the Internet at home. Mr. Neal recommended that Lifeline program rules be updated to enable schools to receive support for off-campus education broadband connectivity for Lifeline-eligible students.

This letter is submitted pursuant to Section 1.1206 of the Commission's rules.

Sincerely,

/s/ Patrick R. Halley
