I am commenting on STELA Reauthorization Act of 2014. I am Direct TV customer. I live in Sheridan County, Sheridan, WY. Wyoming PBS is not included in my Direct TV service. I help pay for and donate to Wyoming PBS and I believe it is wrong that I do not have Wyoming PBS. I believe that the "local into local" rule should change so that Direct TV includes Wyoming PBS for all Wyoming viewers. The same is true regarding local news as the Casper, WY and Billings, MT stations are not included either. I am subjected to programming from South Dakota which I would like see changed as well. Sincerely submitted.
