I would like anyone who reads this to know up to this point all ip network is not ready. Number one is the battery backup is to short. I can use my phone now with no power forever. I fax alot and ip always fails to send. It doesn't ring any of my antique phone sets. Sounds like you are in a barrel. NO ONE SHOULD TELL ME I MUST USE INTERNET PROTOCOL SERVICE. I Should Always have the choice. Deregulation in the state of Florida is so bad if I have a problem I call our Agricultural Commission. THAT IS WHAT THE PHONE COMPANIES BOUGHT WITH THEIR LOBBYISTS IN FLORIDA...
