

60001048090.txt

Dear FCC,

Please allow WSWO 97.3 FM to increase their power and/or broadcast area.

This public radio station is a true gem. They do an enormous amount of service to our community.

They have tons of public service announcements and broadcast play-by-play for our local high school.

I love this station and cannot listen over the air at home.

Thanks,
Clifford A. Cerbus
