Introduction

This is an appeal of USAC's denial concerning application 873042, FRN 2381640. USAC denied the appeal, on May 12, 2015, because (1) "... FCC Rules related to the payment of support for discounted services establish deadlines for service providers to deliver services/products to the applicant. The FCC provides an extension of this deadline under certain conditions. Those conditions are documented in the Reference area on the USAC website. (See Service Delivery Extension for more information.) Your request did not provide information that satisfied those conditions. Your appeal has not brought forth clear information establishing that those conditions were met but not considered. Therefore, your appeal is denied."

Administrators' Decision – April 3, 2015

Request received after the FCC deadline for implementation Deadline Extension Requests which was 9/30/2014

Reason for Service Delivery Deadline Extension Request

Service provider was unable to complete delivery and installation by 9/30/2014 for reasons beyond the service provider's control.

Argument

1 – The school received late funding for this FRN 2381640, on June 12, 2013. On June 13, 2013 the school filed a form 500 to extend the contract to 1/28/15. Then again on December 4, 2014 the school filed another form 500 to extend the contract to 1/28/16.

2 – September 30, 2014 was the last date to install the wire and cabling associated with this FRN. However, the service provider was not able to install, due to circumstances beyond their control. The application, 873042, was approved on June 12, 2013 with 6 internal connection FRN's on it. Each FRN required installation, setup and testing. Most of these projects could not be performed during normal school hours. Therefore, they were done during the summer months, on weekends, holidays and after school. This wire and cable project is to bring connectivity to the classrooms and, if performed during school hours would have disrupted the entire school. This project was slated for the summer and was not able to be completed.

3 – When the summer finally came around, and installation was supposed to start the IT staff, was caught up with other projects and could not dedicate enough time to this wire and cable project to ensure it was completed. As this project was for wire and cable to classrooms, the service provider needed the IT staff to ensure that the school received exactly the configuration they needed in all classrooms to ensure that this project was completed so it could be used optimally. The school building was also being utilized for summer school, and the building manager had issues finding a time that was suitable for this work to be done. While the service provider was ready for install, circumstance outside of their control prevented it from happening.

4 – During the summer the school building was being utilized for summer school, not to mention then schools system took over 2 additional schools in Milwaukee Wisconsin. This took the IT staff away from Universal Vare and caused them to spend much of that time in Wisconsin making sure those schools were up and operational before school started in the Fall. This caused this project to be delayed and was out of the service providers control.

5 – Due to these circumstances, outside the control of the service provider, we ask for consideration of this extension request.

6 – We believe there is precedent for this type of request, see recent order released on April 29, 2015 – Streamlined Resolution of Requests Related to Actions by the Universal Service Administrative Company (DA 15-505) page 4 section “Service Implementation Deadline Extension Request Filed Late.”

Summary

Given that fact that the installation of this project could not be completed on time due to circumstances beyond the service provider’s control and that there is precedent for this type of request, we respectfully ask that this service delivery deadline extension request, for the FRN listed above, be granted.

There is no waste fraud and abuse just a simple mistake for which there is a clear remedy.

Thank you,

Re: Applicant Name: UNIVERSAL VARE MIDDLE CHARTER
SCHOOL
Billed Entity Number: 16067083
Form 471 Application Number: 873042
Funding Request Number(s): 2381640
Your Correspondence Dated: April 24, 2015

After thorough review and investigation of all relevant facts, the Schools and Libraries Division (SLD) of the Universal Service Administrative Company (USAC) has made its decision in regard to your appeal of USAC's Funding Year 2012 Administrator's Decision on Implementation Extension Request Letter for the Application Number indicated above. This letter explains the basis of USAC's decision. The date of this letter begins the 60 day time period for appealing this decision. If your Letter of Appeal included more than one Application Number, please note that you will receive a separate letter for each application.

Funding Request Number(s): 2381640
Decision on Appeal: **Denied**
Explanation:

- FCC Rules related to the payment of support for discounted services establish deadlines for service providers to deliver services/products to the applicant. The FCC provides an extension of this deadline under certain conditions. Those conditions are documented in the Reference area on the USAC website. (See Service Delivery Extensions for more information.) Your request did not provide information that satisfied those conditions.

Your appeal has not brought forth clear information establishing that those conditions were met but not considered. Therefore, your appeal is denied.

Since your appeal was denied in full, dismissed or cancelled, you may file an appeal with the FCC. Your appeal must be postmarked within 60 days of the date on this letter. Failure to meet this requirement will result in automatic dismissal of your appeal. You should refer to CC Docket No. 02-6 on the first page of your appeal to the FCC. If you are submitting your appeal via United States Postal Service, send to: FCC, Office of the Secretary, 445 12th Street SW, Washington, DC 20554. Further information and options for filing an appeal directly with the FCC can be found under the Reference Area/"Appeals" of the SLD section of the USAC website or by contacting the Client Service Bureau. We strongly recommend that you use the electronic filing options.

We thank you for your continued support, patience and cooperation during the appeal process.
