*Re: Expanding the Economic and Innovation Opportunities of Spectrum Through Incentive Auctions; Amendment of Part 15 of the Commission's Rules for Unlicensed Operations in the Television Bands, Repurposed 600 MHz Band, 600 MHz Guard Bands and Duplex Gap, and Channel 37, and Amendment of Part 74 of the Commission's Rules for Low Power Auxiliary Stations in the Repurposed 600 MHz Band and 600 MHz Duplex Gap, GN Docket No. 12-268, ET Docket No. 14-165*

Dear Ms. Dortch:

On June 4, 2015, I met with Matthew Berry, Chief of Staff for Commissioner Pai, about the above-referenced proceedings. We discussed how critical it is to preserve at least one TV white space in every market, in addition to providing usable unlicensed access to the duplex gap/guard bands and Channel 37. I urged the Commission to move forward with the pending NPRM on this topic so that parties can comment on the Commission's proposals.

Pursuant to the FCC's rules, I have filed a copy of this notice electronically in the above-referenced proceedings. If you require any additional information please contact the undersigned.

Sincerely,

Paul Margie
